

**Note of presentation of Bill No.... relating to the exercise
of the Profession of midwife**

The exercise of the profession of midwifery is currently governed by certain provisions of the dahir n ° 1-59-367 of the 21 Shaban 1379 (19 February 1960), whose the object extends also to the professions of doctor, pharmacist, surgeon-dentist and herbalist.

Yet the exercise of the profession of midwifery has undergone development, resulting from the progress of medical science and at the same time, a qualitative leap was recorded at the level of the training of the health professional.

Taking into account this shift, this introduces attached bill of important innovations, it redefines midwifery while devoting a legal text specific to it and lays down new rules for his and pursuit.

The supra Bill repeals:

- The provisions of the dahir n ° 1-59-367 of the 21 Shaban 1379 (19 February 1960), regulating the exercise of the professions of pharmacist, dentist, herbalist and midwife, including those regulating the practice of the profession concerned.
- Article 79 of law 10-94 on the practice of medicine.

These are the main axes of the Bill herewith submitted for your consideration.
